Image Compare Three-Panel Display

MASTER   SAMPLE   DIFFERENCES

Optional Modular Inspection Solutions

Customizable for Specific Requirements

1. User Management

Manage electronic records and user controls

System activity monitoring, plus archiving functionality

Electronic signature with date/time stamp

2. OCR Conversion

Convert scanned documents into unicode text

Compare electronic files in any language, regardless of text size
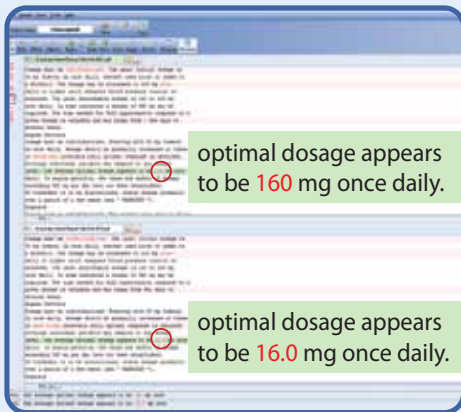

Detailed output report of any differences found

Scanned File → OCR Conversion → Electronic PDF → PDF to PDF Comparison

3. Text Compare

Detect multiple text and content differences

Compare multiple formats and document layouts

Create custom reports

optimal dosage appears to be 160 mg once daily.

optimal dosage appears to be 16.0 mg once daily.

### 4. Barcode Verification

Supports all major 1D, and 2D barcodes, including:

- Code-128
- DataMatrix
- UPCA/B
- EAN-13
- PDF-417
- QR-Code

Results can be saved in repository or printed out.

Code 128 Code 39
Code 93 DataMatrix
PDF417 UPC-A

5. ColorCheck™

Pixel to pixel color comparisons

RGB & CMYK color values

Side-by-side, overlay view, and flash tools for quick, easy comparisons

6. Braille Height Measurement, Translation and Comparison

Examine braille scripts on packages, cartons, and foils

Translate from braille to text within seconds

Compare braille content to PDFs or plain text

Applications:

- Pharmaceutical
- Manufacturing
- Healthcare
- Printing
- Medical Device
- Packaging
- Aerospace
- Legal
- Education

Additional Product Solutions:

ScanCompare™- IFUs, booklets, multi-page documents- *Not a problem...* ScanCompare™ will automatically compare every page in a simple batch process, archive the results, and generate custom reports.

Quantum Compare™- Compare multiple page PDFs with complex layouts utilizing our unicode-based text comparison solution.

MultiCheck™- Print inspection system ideal for variable character fields, barcode information, and sequentially numbered products.

HD Barcode™- Anti-counterfeiting, identification, and brand protection solution- *World's most advanced 2D barcode!* Customizable, secure, and capable of storing up to 703 kilobytes of data. Proprietary reading application is available for all smartphones, no Internet connection required!
