

Mobile Printer Portfolio Guide

Focusing on your printing needs

Equip your mobile workforce with the power to print on demand

Increase your employees' productivity, precision and accuracy. Equip them with wireless mobile printers that are tailored to how they work and the job they do. Printers range from those ideal for occasional use, to rugged machines that feature a range of latest connectivity options and robust functionality that keeps you operating in even difficult situations.

Choose the printer that is perfect for your needs

Regardless of your industry or whether you're printing barcodes, labels, receipts or tickets, we make it easy to compare Zebra mobile printer features, performance and cost. Our Premium line will keep you printing in even the most challenging, high volume environments. Rely on our Midrange printers for moderate volume, less demanding applications. And our Value class is an ideal lower volume, lower cost solution.

PREMIUM

ZQ600 Series

Lightweight, drop resistant and user friendly, ZQ600 Series mobile printers are ideal for warehousing, shipping and receiving, and merchandising. Our ZQ610 and ZQ620 Healthcare mobile printers with disinfectant-ready plastics are ideal for mobile specimen collection or other healthcare applications. Use them to print barcode labels, receipts and other documents exactly when and where they're needed. The Link-OS® technology makes them easy to integrate, manage and maintain from a PC, smartphone or tablet, anywhere in the world.

RUGGED PREMIUM

ZQ500 Series

The industry's most rugged mobile printers that can withstand repeated drops to concrete from 6.6' (2m). With an IP54 rating, they are protected from liquid and solid ingress, plus have a Mil-Std 810g rating for shock and drop. Large buttons and a user-friendly interface are easy to operate, even when wearing gloves. Zebra's Link-OS makes them simple to integrate, manage and maintain.

MID RANGE

ZQ300 Series

The ZQ300 Series is a small mobile printer that can handle the elements, generate high quality receipts in practically any environmental condition, guarantee power for the longest shift, with a ready-to-use remote management solution — all at a price that won't break the bank. The ZQ300 — the affordable little mobile printer that delivers big business value.

VALUE

ZQ220* and ZQ110 Mobile Printers

These affordable mobile printers produce receipts and tickets on demand and on the go. It's small size and light weight make it easy to fit into a shirt or pants pocket. The "sleep mode" helps to conserve battery power, and the mobile printer connects wirelessly to a range of Apple, Android and Windows devices.

*Not available in all regions. ** Only applicable on the ZQ110.

Software

Zebra Print DNA is the genetic code that injects business-catalytic capabilities into our Link-OS® printers through its unique combination of innovative applications, utilities, and developer tools. The result is a superior printing experience through better performance, simplified remote manageability and easier integration. When it comes to performance, Print DNA enables Link-OS printers to perform at their peak — and with the common, customizable printer user experience, learning curves flatten, increasing productivity. Simplified remote management tools make it easy to deploy large fleets of printers across multiple locations. IT can now maintain, secure and troubleshoot printers from anywhere, at any time — freeing up operations to focus on work, rather than printers. And with applications that emulate non-Zebra legacy languages, integration into existing technology architectures is easy, eliminating the need to rewrite print solutions. Print DNA transforms printers from the inside.

Service

Maximize device availability and optimize business operations with Support and Visibility Services. Increase uptime and improve Zebra printer utilization with Zebra's industry-leading family of Support Services. [Zebra OneCare Essential and Select Support Services](#) help enable predictable performance, critical operations and improved business outcomes while eliminating unbudgeted repair expenses by providing technical support, comprehensive repair services, advance device replacement, software support and more. Going beyond traditional Support Services, Zebra OneCare offers additional options to deliver advanced visibility and predictability into your operations to help you maximize the performance of your critical Zebra Link-OS, network enabled printers, so when it comes to device analytics and visibility, you can see more and do more with our powerful [Visibility Services](#) (AVS, OVS, OVS Connect.)

For more information go to zebra.com/zebraonecare

Accessories

You rely on mobile printers to increase employee productivity and accuracy. Whether you're printing labels, receipts or tickets, accessories like Batteries, Chargers and Cradles, Carrying Options and others will help to make your entire operation faster, more flexible and more reliable even in harsh or other demanding environments. These accessories can help to extend your capabilities and enable you to lower the total cost of ownership.

Supplies

Zebra® Certified Supplies: Exceptionally Consistent, Consistently Exceptional

Printing supplies can impact everything from printhead lifespan to operational efficiency. That's why we produce our own line of thermal printing supplies to ensure consistent, optimized performance in your Zebra printer — and peace of mind for you.

With Zebra Certified Supplies, you get:

Unmatched Thermal Printing Expertise

With over three decades of experience, Zebra is known the world over for our exceptional quality, durability and dedication to thermal printing technologies.

Exceptional Service

One of the largest and most experienced thermal label convertors in the world, Zebra has the size, scale and infrastructure to meet your printing supply needs quickly and effectively.

Consistently Outstanding Quality

We painstakingly comb through thousands of raw materials and only use conversion processes, inks, varnishes, tools and equipment that are optimized for thermal printing. In addition, we subject every item to rigorous testing, ensuring premium craftsmanship and durability. Only the best become Zebra Certified Supplies.

This results in:

Increased Efficiency and Productivity

Because our printing supplies are so consistent, there's no need to make printer adjustments between rolls when using the same media. Workers experience fewer hassles and require less IT assistance, reducing downtime — plus they can get more done in less time when labels consistently print, adhere and scan properly.

Lower Total Cost of Ownership

Wear and tear on printers and printheads is reduced, and the need to reprint and replace labels due to poor quality is virtually eliminated.

Flexibility and Convenience

We offer extensive customization capabilities to meet the unique needs of your specific applications, and we're able to ship hundreds of in-stock products quickly with our ZipShipSM service.

Retail and Hospitality

Mobile execution

Mobility has dramatically transformed the way we engage with connected customers, and the way we work. The mobile worker has to do more tasks in a more efficient and coordinated way. This provides better customer service, and ultimately a more profitable business through relevant consumer engagement, increased sales conversion and greater customer loyalty.

Healthcare

Specimen collection

Mobility in the Healthcare environment has transformed the process of accurate patient ID and specimen collection. Ensure the right specimen is collected from the right patient, at the right time and placed in the correctly labeled container, ensuring the right results—and the right course of treatment. The label is generated using a mobile device and immediately applied to vial or sample encasement.

Transportation and Logistics

Flawless fulfillment

Mobility has effectively transformed the way Transportation and Logistics operations redesign and execute processes to obtain productivity gains. The mobile worker is becoming more efficient and connected. This provides additional levels of visibility that translate into better customer service, and ultimately a more profitable business through sales process optimization and flawless fulfillment of products and services.

ZQ600 Series

Zebra's most versatile mobile printer series

Zebra's user-friendly ZQ600 Series mobile printers help you print barcode labels and more, wherever and whenever needed. Optimized for high duty cycle label and receipt printing and designed to enhance business processes through easy integration and operation, ZQ600 Series printers deliver higher workplace performance. And, with faster processing, increased memory and a range of accessories, ZQ600 Series printers help increase both user and operational efficiencies.

Competitive Attributes

- Optimized for high duty cycle label printing, can also do receipts and tags
- Dual-band support for 2.4GHz and 5GHz, dual radio 802.11 and Bluetooth®
- Remote management via Ethernet cradles and support for third party MDM vendors Wavelink, Soti, and Airwatch®
- Color display that is easy to use and navigate
- Large roll outer diameter for large capacity media
- Full accessory line, including forklift mounts
- Proactive alerts
- PowerPrecision+ batteries 
- Print DNA - a suite of applications, utilities and developer tools that enable better performance, simplified remote management and easier integration. 
- Link-OS® 
- “Made for iPod®/iPhone®/iPad®” (MFi)-certified and also support Android™ and Windows® devices via multi-platform SDK APPs
- Print and encode RFID tags and labels when and where you need them*

*RFID functionality only available on the ZQ630.

ZQ500 Series

RUGGED PREMIUM

Zebra's solution for extreme environments

Zebra's ZQ500 Series are best-in-class and the industry's most rugged mobile printers for applications outside of a business's four walls. The premium 3" (76mm) ZQ510™ and 4" (102mm) ZQ520™ printers are Zebra's next-generation of high-performance mobile printers optimized for high duty cycle receipt and medium duty cycle label printing. The printers' patented military-grade design provides exceptional durability and reliability for mobile applications in the toughest environments.

Competitive Attributes

- Ruggedness, with MIL-STD 810g certification for drop, shock and vibration
- 6.6' / 2.0m drop (10' / 3.05m with exoskeleton)
- IP54 for protection against liquids and dust ingress (IP65 with exoskeleton)
- Latest BT standards with Bluetooth® 4.0 Low Energy
- Reliable connectivity – 802.11 a/b/g/n
- Speed of up to 5ips
- Full accessory line, including a magnetic stripe reader
- PowerPrecision+ batteries
- Print DNA - a suite of applications, utilities and developer tools that enable better performance, simplified remote management and easier integration.

ZQ300 Series

MID RANGE

Zebra's mid-range printers with the best of features, size and price

With its indoor and outdoor models, Zebra's versatile ZQ300 Series is able to accommodate the specific needs of various vertical markets from retail and manufacturing to transportation & logistics and state government applications. Whether you need a device that is more stylish or durable, the ZQ300 Series has it all. It brings a mid-tier mobile receipt and label printing to just about any environment and any mobile application.

Competitive Attributes

- Great looking design that's lightweight
- World class SDKs and support for application in any development environment
- Best connectivity options for indoor and outdoor applications
