**Trade-in, trade up, and ensure compliance!**

## Microscan LVS Trade-In Program

**Do you use an ISO, AIM or GS1-compliant verification device? It might be worth more than you think.**

*Microscan is pleased to announce a trade-in program from 15 March until 31 August 2017. During this time, Microscan offers a €500/\$550 cash rebate on any Microscan LVS-9580, LVS-9570 or LVS-9510 verifier for each eligible verification device returned to us.*

*Bring your verification equipment up to the latest standard and ensure compliance, manage your code quality in a better way thanks to superior code analysis tools, and benefit from the ease-of-use of the LVS devices.*

### PROGRAM DETAILS

- The trade-in program is only eligible to companies located in the EMEA region (Europe, Middle East and Africa).
- The program takes place from 15 March to 31 August 2017 for units shipped within EMEA.
- Any ISO, AIM or GS-1 compliant verifier in good working order is eligible in this trade-in program. This includes old LVS products, as well as but not limited to Axicon, Rea, Webscan, RJS, Stratix, Honeywell (QuickCheck), and Microscan verification devices.
- The trade-in device must be in good working order and be returned to Microscan in Alphen aan den Rijn, the Netherlands upon Microscan's request or proof of destruction and identity / serial number of the trade-in device must be provided.
- Microscan will offer a €500/\$550 cash rebate on any Microscan LVS-9580 Handheld Barcode Verifier, LVS-9570 Wide Area Barcode Verifier or LVS-9510 Desktop Barcode Verifier for each eligible verification device returned to us during this time.
- Standard Microscan terms and conditions will apply.
- Not valid with any other offer. This program may not be combined with any other special pricing (price exception or rebate).
- Microscan reserves the right to modify, suspend, or terminate the program at any time without notice.

### TRADE-IN PROCESS

- Visit <http://info.microscan.com/tradein-lvs-emea>
- Fill in the form on the website to register to the trade-in program with the details of the trade-in device, such as manufacturer and serial number
- Microscan will send you an offer for your preferred Microscan LVS-9580, LVS-9570 or LVS-9510 device, including the rebate, as well as the instructions for returning the device.

### MICROSCAN BARCODE VERIFIERS

Verification is the measurement of the quality of a 1D barcode or 2D symbol according to an agreed-upon quality standard. Microscan's Barcode Verifiers are embedded off-line solutions that include camera, software, and precision illumination specifically designed for the verification of 1D/2D codes and direct part marks (DPM) to ISO/IEC standards. Our LVS® Barcode Verifiers are fully-integrated solutions designed for accurate, reliable verification to application standards such as GS1, HIBC, USPS, and ISO/IEC 15415/15416.
